#### MEMBRANE DATA

DURABILITY	
AS 4654.1-2012:	
Tensile Strength	30 MPa(1) Class III
Water Immersion	PASS
Bleach Immersion	PASS
Detergent Immersion	PASS
Cyclic Movement Test	PASS
Heat ageing	PASS
Water vapour transmission	1.7 g/m <sup>2</sup> /24 hours

PHYSICAL	
Release liner	140 gsm
Pressure sensitive adhesive	30 gsm
PVC film	185 gsm
Fibreglass mesh	145 gsm
Polymer coating	250 gsm
	750 gsm
Thickness	<0.8 mm(2)

#### PREMIUM WATERPROOF MEMBRANE

Premium PDQ POLY self adhesive internal and external waterproofing without compromise. Simple to install over any flat surface. Cost saving, time saving waterproofing for under tiles, stone, raised pod systems, bathrooms, balconies and roof tops.

#### PREMIUM CRACK ISOLATION

Premium PDQ POLY self adhesive crack isolation perfect for older more challenging surfaces. Simple to install over all surfaces. Cost saving, time saving. Allows for sub-floor movement without risk of damaging laid materials.

#### PREMIUM UNDERLAY

Premium PDQ POLY self adhesive Underlay makes your job easy. Simple to install over the most difficult of surfaces. Minimum tools required. No more glueing and nailing ceramic tile underlay. Cost saving and time saving. Underlay for stone, tile and timber and flooring.

#### TUFF NEXT GENERATION PROTECTION
